

INVITATION

2nd SNAME Newfoundland Collegium

7:00 pm, Tuesday, May 10th, 2011

Collegium = A group whose members pursue shared goals while working within a framework of mutual trust and respect

The Canadian Atlantic Section of the Society of Naval Architects and Marine Engineers (SNAME) is hosting its 2nd Newfoundland Collegium at the Crow's Nest Officers' Club, 88 Water Street, at 7:00 pm on Tuesday, May 10th, 2011.

During this social /networking event, brief presentations on the 2011 SNAME Annual Meeting Footy Design Competition and Regatta, the 2010 World's Smallest Free Sailing Schooner Competition, ConocoPhillips' Arctic icebreaking tankers, and Oceanic's numerical simulation developments will be given.

The evening, sponsored in part by Oceanic Consulting Corporation, will be a social occasion where local SNAME members can interact with the industry visitors, ask questions, and exchange ideas.

The concept of the Collegia program is to allow SNAME members in regions which are geographically removed from the larger SNAME Sections to interact with each other and visiting colleagues in an informal setting. SNAME has held a number of Collegia in the past in places such as Norway, Finland, China, Greece, the U.K., and Brazil.

We look forward to seeing you on Tuesday evening.
